¹The law does not explicitly address cross-border advertising. However, given that advertising is banned on all TV and radio, it is interpreted that both domestic and international levels are covered by the ban.

²The law does not explicitly address cross-border advertising. However, given that advertising is banned on all magazines and newspapers, it is interpreted that both domestic and international levels are covered by the ban.

³Although the law does not explicitly ban the identification of non-tobacco products with tobacco brand names (brand stretching) and does not provide a definition of tobacco advertising and promotion, we interpret that brand stretching is covered by the existing ban of all forms of advertising and promotion because this country is a Party to the WHO FCTC and we assume that the WHO FCTC definition applies.

⁴Although the law does not explicitly ban the usage of brand names of non-tobacco products for tobacco products (brand sharing) and does not provide a definition of tobacco advertising and promotion, we interpret that brand sharing is covered by the existing ban of all forms of advertising and promotion because this country is a Party to the WHO FCTC and we assume that the WHO FCTC definition applies.

Subnational laws on tobacco advertising, promotion and sponsorship

Subnational jurisdictions do not have the authority to adopt laws that ban some or all types of tobacco advertising, promotion and sponsorship mentioned above.
